

## Bruff the Happy Train Colouring Sheet

Bruff the Happy Train is named after Peter Bruff who was an engineer and lived a long time ago. He loved building things and was best known for making a railway in Essex that helped people travel more easily. He helped build towns like Clacton on sea and made the Chapel railway Viaduct over 175 years ago. He was very creative and worked hard to improve transportation, making it better for everyone. His ideas still influence how we build things today!

## Bruff the Happy Train Colouring Competition

In 2025 we will be celebrating 200 years of the railway. On 27<sup>th</sup> September 1825 Stephenson's Rocket pulled a group of passenger carriages along the line from Stockton to Darlington and passenger railway was born.

We are running a colouring competition for children and young people and we want you to join in!

Just colour the picture of Bruff and return it to us

12 Winning pictures will be made into picture boards and hung at 12 different stations across Essex and South Suffolk. You will be contacted and invited, with your parents, to the station where your picture is displayed.
